

Know, Think You Know, Want to Know

Information Processing: Activating and Engaging

PROCESS

- Label chart paper with three columns: Know, Think You Know, Want to Know.
- Give a topic to the groups and have them complete the charts.
- Post the charts and have the group look for patterns and themes.

ALTERNATIVES

- The facilitator responds to the “Want to Know” column by providing responses to the large group.

TIPS

- If groups disagree on the “Know” column, encourage them to place content in the “Think You Know” column.
