

Stoplight

Information Processing: Organizing and Integrating

PROCESS

- Display the image of traffic light with green, yellow, and red lights.
- Members write one thing they are going to start doing, one thing they will continue, and one thing they will stop.
- Hear a few reports.

ALTERNATIVES

- Share with a neighbor.
- Reflect and record what people will do to remind themselves to take the self-prescribed action.

TIPS

- Reporting reinforces application thinking and adds ideas.
